The musical score is written on a single staff. It begins with a series of chords: D5, A5, F#5, E5, D5, A5, F#5, and E5. Each chord is indicated by a diamond symbol above the staff. The guitar notation consists of a series of eighth and sixteenth notes, with some notes marked with an 'x' to indicate distortion. The score is divided into measures by vertical bar lines, and there are double bar lines indicating the end of sections. The overall style is a high-energy, distorted guitar riff.

A: Intro

B
Eh eh oh eh oh. 8x

C
I was left to my own devices.
Many days fell away with nothing to show.

D
And the walls kept tumbling down in the city that we love.
Grey clouds roll over the hills bringing darkness from above.

E
But if you close your eyes, does it almost feel like nothing changed at all?
And if you close your eyes, does it almost feel like you've been here before?
How am I gonna be an optimist about this? 2x

F
We were caught up and lost in all of our vices.
In your pose as the dust settled around us.

G
And the walls kept tumbling down in the city that we love.
Grey clouds roll over the hills bringing darkness from above.

H
But if you close your eyes, does it almost feel like nothing changed at all?
And if you close your eyes, does it almost feel like you've been here before?
How am I gonna be an optimist about this? 2x
Eh eh oh eoh. 4x

I
Oh where do we begin? The rubble or our sins? 2x
And the walls kept tumbling down in the city that we love.
Grey clouds roll over the hills bringing darkness from above.

J
But if you close your eyes, does it almost feel like nothing changed at all?
And if you close your eyes, does it almost feel like you've been here before?
How am I gonna be an optimist about this? 2x

K
If you close your eyes, does it almost feel like nothing changed at all?
Eh oh eh oh. 8x
