Original Key Db Major

A: intro

B:

I'm going under and this time I fear there's no one to save me
This "all or nothing" really got a way of driving me crazy
I need somebody to heal
Somebody to know, Somebody to have, Somebody to hold
It's easy to say. But it's never the same
I guess I kinda liked the way you numbed all the pain

C:

Now the day bleeds into nightfall
And you're not here to get me through it all
I let my guard down and then you pulled the rug
I was getting kinda used to being someone you loved

D:

I'm going under and this time I fear there's no one to turn to
This "all or nothing way" of loving got me sleeping without you
Now, I need somebody to know
Somebody to heal, Somebody to have
Just to know how it feels. It's easy to say but it's never the same
I guess I kinda liked the way you helped me escape

E:

Now the day bleeds into nightfall
And you're not here to get me through it all
I let my guard down and then you pulled the rug
I was getting kinda used to being someone you loved

F:

And I tend to close my eyes when it hurts sometimes
I fall into your arms
I'll be safe in your sound 'til I come back around

G:

For now the day bleeds into nightfall
And you're not here to get me through it all
I let my guard down and then you pulled the rug
I was getting kinda used to being someone you loved

H:

But now the day bleeds into nightfall
And you're not here to get me through it all
I let my guard down and then you pulled the rug
I was getting kinda used to being someone you loved

I:

I let my guard down and then you pulled the rug
I was getting kinda used to being someone you loved
