U-SING PHONE

6-week program for
choirs in Lock-Down

ChorusOnline

During the previous lockdown, thousands of choir singers worldwide managed to keep singing in a fun and meaningful way through this U-SING PHONE program.

We have developed a fun and simple method in which it is possible for every choir (member) to continue working on new repertoire.

An song (including VocalTracks) of your choice from the ChorusOnline catalog is being worked on. VocalTracks ensure that all choir members can properly rehearse Text, Pitch and Timing by singing along with our professionals.

You will receive all materials and information for choir members in your mailbox within minutes of purchase.

U-SING PHONE

a 6-week program

You follow a 6-week program in which the emphasis in the first 4 weeks is on rehearsing the chosen song and in the last 2 weeks on recording and sending in the audio. In the last 2 weeks we show you the progress of your choir via video (WhatsApp), often with an astonishing result.

You will receive these materials after paying for the program

- a 6-weeks program: a clear guideline for your choir members. - Tips for home-study
- Tips for home-recording - Videos of your 'choir' in our studio via WhatsApp .

Via the contact person of your choir you will receive weekly follow-ups. In week 5-6 of the program we will show/let you hear the impact of each voice that is added to the choir. You will be hearing your choir again! (on you mobile) This part in particular ensures that choir members experience the feeling of being connect again. the end result: nice mix of your choir in MP3 and WAV format.
