*) Tenors - "whub whub" and "whob whob" are dark and nasal sounds as in wah-wah effects. The lines should be sung laid back and very legato.
Basses - very legato, like a mumbly mystic chant. Whenever possible the whole part 8vb.

*claps**

*) claps marked with a "ø" are what I call half claps. In contrast to full claps ("o") hit the palm of one hand with the back of the other. This should make the rhythm more natural, since no wrist rotation after hitting your chest is necessary.
